Customer Messages

In December 2012, we asked the Colorado Public Utilities Commission (CPUC) for an increase in our natural gas rates to enable us to accelerate work that modernizes our natural gas infrastructure, and improve the reliability and safety of our service to you. The new rates are part of a multi-year proposal covering 2013-2015 and could be effective in August 2013 after CPUC discussion and public hearings. The average rate increase over the three years for residential customers using 64 therms of natural gas a month is 3.6 percent. To learn more about our request, please visit www.xcelenergy.com/XcelRatesCO

Thank you for your payment.
