Customer Messages

On June 1, our annual two-tiered rate structure for electric use from June-September went into effect. Each tier is billed separately under the "Residential General" portion of your bill. The first 500 kWh in the billing period are charged at the lower Tier 1 rate of 4.6 cents. All usage above 500 kWh in the billing period is charged at the higher Tier 2 rate of 9 cents. Even if you use up to 820 kilowatt-hours per month from June-September, you would pay less under the tiered rate structure than you would pay in the absence of tiered rates. Learn more about our June-September tiered rates at xcelenergy.com or contact us at 1-800-895-4999.

Thank you for your payment.
